EAN CODE

Special monitor to supply and connect a singleboard computer. Settings via remote control possible. The touchmonitor offers all connections to connect a Raspberry or other singleboard computer directly without having to use further power sources or network cables etc.. So it is possible to realize a clean installation without cable clutter. An optional Vesa mount for holding the Raspberry and other single board PC's can be mounted to the back of the monitor. This works even if the Vesa mount is occupied by a stand. The bracket is simply screwed in between. All cables for connection are included.

Fields of application: Home automation, controller, server display, development, Raspberry, Rock Pi etc.

Connections:

Input:

- 1x 12V/3A DC
- 1x HDMI
- 1x RJ45 PoE Ethernet af/at

Output:

- 1x 12V/2A DC hollow plug socket
- 1x 5V/3A USB-C jack
- 1x USB-A jack Touchscreen
- 1x USB-A socket camera
- 1x RJ45 Ethernet

Peripherals:

- Touchscreen usable via USB cable
- Camera usable via USB
- Remote control to adjust monitor settings like brightness, contrast, volume etc.
