The **25W RGB+CCT LED downlight** offers you a modern and flexible lighting solution for any room. This round panel combines powerful lighting with advanced control technology that can be controlled with both a wireless remote control and a Wi-Fi controller for iOS and Android. Both control options are available separately (see accessories).

With an output of 25 watts and a brightness of 2000 lumens, this downlight provides both warm and cool white light with a colour temperature of 2700K to 6500K. The light intensity can be dimmed continuously from 1% to 100%, giving you the freedom to create the perfect atmosphere for any occasion. Thanks to the RGB+CCT function, you can choose from a variety of colours to personalise your room.

Operation takes place at an input voltage of AC100-240V 50/60Hz. With a luminous efficacy of 80LM/W and a colour rendering index (CRI) of over 80, the downlight ensures natural and vivid colour rendering. The power factor of over 0.5 makes it particularly energy-efficient. The robust aluminium construction ensures a long service life of up to 50,000 hours.

The downlight has a wide beam angle of 120°, which enables uniform light distribution. With a control range of up to 30 metres, you can conveniently adjust the lighting from a distance. The energy consumption is 25 kWh/1000h, making this downlight an environmentally friendly choice. Experience the benefits of the **25W RGB+CCT LED downlight** and transform your home or office with this innovative lighting solution.
