- Support os: Win 7(32/64bit), Win 10(32/64bit)

Features:

1. New Generation WIFI 6 USB Wireless Adapter

ALL-WA1800AX integrates Fast speed, Low latency, Large capacity, more Security and Power saving, with USB port, which significantly surpasses WiFi5 USB network card in terms of performance. Also much easier using than PCI-E WiFi6 network card, it is applicable to a wider range of people and compatible devices.

2. 1800mbps High Speed Rate

2.4GHz 600Mbps plus 5.8GHz 1201Mbps, the connection rate and network capacity have been significantly improved, greatly reduce the network delay and channel interference. Allows users enjoy a smooth game experience. No more limited to network cables, freely enjoy wireless.

3. Enhanced antenna, USB3.0 interface, flexible folding design

It has an external foldable antenna that can sensitively send and receive WiFi signals. USB3.0 interface has a more efficient and fast transmission rate and good compatibility. Downward compatible with USB2.0.

4. Best choice for WiFi6 phones, WiFi6 routers and computers

Many home have replaced WiFi6 routers, but the receivers such as laptops, desktops, mobile phones, etc. do not support WiFi6. A WiFi6 USB network card can easily realize the connect, and users can fully enjoy the shocking experience brought by WiFi6.
